Medical evacuation/ambulance services (MASA)

Much better than anyone else!

Don't commit to SkyMed, FMCA, Good Sam EA Plus, or anyone else before you call or email us for details at 605/593-4496 or 888/872-0545 or MASA.DonHumes@GMail.com

Mail forwarding/home base service

Call for details at 605/593-4496 or 866/747-3700 www.Americas-Mailbox.com
(Seriously, who'd you expect us to recommend?)

Notebook and desktop computers (PC's and Macs) and computer peripherals:

Our computer "guru" and IT guy who builds the Americas Mailbox computers can build one custom-made just for you at a better price than you'll find in any store or online for an "off-the-shelf" unit. Good quality, good price with a warranty. What more do I need to say? He also provides service work (repair or replace) as well. Please contact Don directly at Office@Americas-Mailbox.com to get contact information.

Tire Pressure Monitoring System:

We use the PressurePro system. It works like it's advertised and as a special arrangement with the distributor, Don (the owner of Americas Mailbox) has become an authorized agent in order to sell the system to members of Americas Mailbox at a discount. Give Don a call at 605/593-4496 for information.

Vehicle Insurance:

The one Don uses is ExplorerRV. We've looked around and they gave the overall best rates. Call them at 888/774-6778 and tell them Don recommended them and you're with Americas Mailbox. That will save them from asking questions they already know the answers to.
